There is to be a nominated responsible person (RP) at each meet, familiar with the site, the risk assessment and the below document. When people new to the site arrive, they should also give a site tour so members are aware and familiar as well. RP to ensure there is sufficient water on site to deal with burns and to dampen down the fire at the end of the session. Fires only to be burnt in the designated fire pit.

Minor incidents – cuts, sprains, burns, scalds

There is a group first aid kit kept in the “Pandora box”, contents to be reviewed and restocked annually to be used by nominated first aider. There is a tap in the corner of the farmyard at Eyarth House should additional water be required.

Major incidents – requiring emergency services

Emergency services called giving all relevant information, above grid reference to be given and emergency services to be met at the gate by person wearing high visibility vest. The bottom field by the road gate is a designated emergency helicopter landing site. AF to be notified if not present. Site to be evacuated if necessary.
