

Wernog Wood, Llanbedr-Dyffryn-Clwyd, Ruthin LL15 1YE

OS grid reference SJ1598358442 | what3words for Wernog Wood workshop [///wisdom.incur.hungry](https://www.what3words.com/wisdom.incur.hungry)
 what3words for road entrance to site [///organist.certified.snails](https://www.what3words.com/organist.certified.snails)

Claire Acworth (CA) | site owner | phone number - +44 (0) 7765 251531

There is to be a nominated responsible person (RP) at each meet, familiar with the site, the risk assessment and the below document. When people new to the site arrive, they should also be given a site tour so members are aware and familiar as well. If using the woodland workshop, RP to ensure there is sufficient water on site to deal with burns and to dampen down a fire at the end of the session. Fires only to be burnt in the designated fire pit.

Minor incidents – cuts, sprains, burns, scalds

There is a first aid kit kept in on the corridor wall in the main studio to be used by nominated first aider. There is a tap in the main studio should additional water be required. A portable first aid kit should be brought to woodland workshops meets by the RP.

Major incidents – requiring emergency services

Emergency services called giving all relevant information, above grid reference to be given and emergency services to be met at the gate by person wearing high visibility vest. CA to be notified if not present. Woodland site to be evacuated to main studio if necessary.
